WE NEED YOUR SUPPORT

**OUR GOAL =
\$250,000**

Planning is well underway for the renovation and restoration of the Church front steps, air conditioning of church and hall facilities, as well as the heating systems which need upgrades in both buildings. This is a huge undertaking which already has and will require many more hours of planning and executing to ensure the best possible design for the steps. Highlights include a better design so that each step is consistent and safe, placing of landing between steps 5 and 6 to create a more even and aesthetically pleasing look to the steps, as installing benches for outdoor seating. In addition, we are looking at rejuvenating the ramp to ensure safety and functionality.

These much needed improvements can only be brought to fruition with the generosity of our community members and community supporters and friends. A separate bank account for these funds alone is in place to ensure financial accountability. The funds in this account will not be utilized for any other project or purpose. That is our promise to you!

To ensure that this project moves ahead and the repairs are made, we need your help! There are a range of sponsorship opportunities which will enable you or your company to make a significant contribution towards the Church, while enjoying strong brand recognition and exposure.

We look forward to this renovation and hope you do too!
